1.4 Rankings, waiting list, accommodation benefit assignment

The rankings will be stipulated in accordance with the following criteria:

First-year students enrolled to a bachelor degree or single cycle degree program for the a.y. 2021/2022

The ranking will be formulated on the basis of the final mark of the High School Diploma. If the degree was obtained abroad, the Collegio will convert it in accordance with the Italian evaluation system (on basis 100) by using this formula:

$$\text{Score for the ranking} = \frac{(\text{obtained mark} \times 100)}{(\text{maximum attainable mark})}$$

To ensure the correct application of the formula, the Collegio will refer, where possible, to the [NUFFIC database](#).

If the student obtained a diploma that by norms of their country was without a final mark, that would result in placing last in the Collegio's rankings.

In case of equal score, the Collegio will consider the date and hour of the application submission as the second criterion. The earlier submission will obtain a higher ranking.

First-year students enrolled to a master degree program for the a.y. 2021/2022

The ranking will be formulated on the basis of the final mark of the Bachelor degree. If the degree was obtained abroad, the Collegio will convert it in accordance with the Italian evaluation system (on basis 110) by using this formula:

$$\text{Score for the ranking} = \frac{(\text{obtained mark} \times 110)}{(\text{maximum attainable mark})}$$

To ensure the correct application of the formula, the Collegio will refer, where possible, to the [CIMEA database](#).

If the student obtained a degree that by norms of their country was without a final mark, that would result in placing last in the Collegio's rankings.

In case of equal score, the Collegio will consider the date and hour of the application submission as the second criterion. The earlier submission will obtain a higher ranking.

1.4.1 Selection outcomes

The final rankings and the lists of the selected candidates will be published on the Portale Studenti platform in the “**ESITI GRADUATORIE**” (RANKING RESULTS) area.

By October 4, 2021 the temporary rankings will be published on the website, and after 2 calendar days these will become definitive.

The students awarded with the accommodation benefits will receive notice of the assignment within 3 working days from the publishing of the definitive rankings, via Portale Studenti. The eligible students in reserve/waiting list will be able to check their waiting list position in the published rankings; this position will refer to the specific ranking list that includes the student’s income bracket and academic category (first-year students enrolled to a Bachelor degree or Master degree).

Non-eligible students will be able to check the motives for their elimination from their specific category.

1.4.2 Waiting list and criteria for the assignment of ulterior accommodation benefits

Following the rightful order stated by the rankings, the Collegio will assign ulterior accommodation benefits to those students in waiting list, as soon as new accommodations are available during the academic year. These new assignments will continue up until there are no more accommodations available, and **not over June 30, 2022**.

The Collegio will send a notice to inform the student about the new assignment via ticket on the Portale Studenti platform, within 3 working days.

1.4.3 Accommodations distribution

The accommodations will be assigned as follows:

10 accommodation benefits available	5 accommodation benefits available
First-year students enrolled to a Bachelor degree or single cycle degree program	Students enrolled to the 1st year of a Master degree or 1st level Specializing Master

In case one of the two categories run out of candidates, the vacancies will be assigned to the other category's candidates. In case both of the categories run out of candidates, the vacancies will be assigned to candidates concurring in other admission processes.

Chapter 2 - Accommodation benefit allocation

2.1 Acceptance of the accommodation and required documents

Within 3 working days from the rankings' publication day – or of the following re-publications – the Collegio will send to the winners an allocation notice via ticket on the Portale Studenti platform. This communication will include all the acceptance and payment methods. The payment must be carried out within the stated deadline (around 5 calendar days later).

The winners, in order to accept the accommodation benefit, must:

carry out the **payment of the 1st instalment and security deposit**, and upload the receipts of payment in the OTHER DOCUMENTS area of the Portale Studenti, following the deadlines stated in chap. 2.3 – ANNUAL FEE AND CONTRIBUTION BRACKETS – and detailed further in the allocation notice;

sign the **housing agreement** that will be available in the HISTORY & RECEIPTS area of the Portale Studenti and upload it in the OTHER DOCUMENTS area;

download from the specific [platform](#) the **“Allegato A” (Attachement A)** concerning their own Personal Training Program (PPF) and upload it in the OTHER DOCUMENTS area of the Portale Studenti.

If these conditions were not respected, the accommodation benefit will be assigned to another student following the published rankings.

The assignment to the specific Section will be done following the preference order stated in the submission to this call, considering the number of accommodations in each Section and the rankings.

Asking for a Section change after the assignment and during the a.y. 2021/2022 is not allowed; this can be requested via submission to the Confirmation Ban for the following academic year.

The Collegio reserves the right to change the originally assigned room and Sezione, even after signing the housing agreement, and for objective reasons.

The student awarded with the accommodation benefit will have to upload in the OTHER DOCUMENTS area of the Portale Studenti of the following documents:

- 1. Within 30 days from the assignment of the accommodation benefit, a certificate** stating the request of the **choice of the general practitioner in Turin²**;
- 2. By November 15, 2021** a **certificate or self-certification**, in accordance with the D.P.R. 445/2000, appropriately signed and scanned, **that states the regular enrolment for the a.y. 2021/22**;
- 3. By December 1st, 2021, the ISEE declaration for the year 2021.** For the extra-EU students or EU students with family that resides abroad, the University ISEE is called “ISEE Parificato” (Equivalent ISEE); this indicator is only issued by CAAF in Piedmont that are affiliated with EDISU Piedmont. The list is available on EDISU’s website

During the academic year, the students that will graduate with a “laurea magistrale” or “laurea a ciclo unico” are required to upload in the OTHER DOCUMENTS area, a certificate or self-certification, in accordance with the D.P.R. 445/2000, that declares all the exams taken and the degree itself. The Collegio could request in any moment the access to the original paper documents.

2.2 Special needs students

Following the security norms, the participation to this call from special needs students must be accompanied by the required sanitary documents, that must be submitted using the Portale Studenti platform.

2.3 Annual fee and contribution brackets

The annual fee for the academic year 2021/2022 is € 7.000,00: of this amount, the part that consists of the student’s contribution is calculated on the basis of the declared university ISEE (from January 2021); the remaining part is covered by Collegio.

The student’s household is composed by the registry family at the moment of the DSU (Dichiarazione Sostitutiva Unica) submission, that must be presented to obtain the ISEE Declaration.

² As stated in the art. XIV of the Regolamento for the owners of an accommodation, the choice of a general practitioner in Turin is mandatory for all the students that obtain an accommodation in Collegio for at least 6 months, independently from the location of the origin municipality.

At the moment of the housing agreement submission, the students will be automatically assigned to the I income bracket up until December 1, 2021, which is the deadline for the submission of the ISEE Declaration 2021, used for university purposes.

If by this date no document will be presented, the students will automatically be re-assigned to the VII and last bracket. If the income bracket will result to be different from the first – after the submission of the ISEE Declaration – the Collegio will add the remaining part of the first instalment at the next payment.

The following table shows the student's contribution of the annual fee for the a.y. 2021/2022:

Band	ISEE value for university benefits	Fee	Collegio contribution	Student contribution

The choice of said formative activities and the agreement to the PFP for the a.y. 2021/2022 is simultaneous to the signing of the housing agreement, as stated in the previous point of this call.

The PFP aims to give an integrative, transversal, and interdisciplinary training, that has the purpose of educating conscious adults, with a particular focus on the greater good.
