ISEE certificate issued in 2022 and applicable for university use⁸ (see [chap. 2.3](#))

Students who decide not to take advantage of the option to present the ISEE 2022 certificate may declare this intention in the application form and not fill in the INCOME DATA area of the Student Portal in order to be automatically included in the **maximum contribution bracket (bracket VII)**.

In the calculation of the weighted average, no rounding is carried out, since the corresponding real number is evaluated: therefore, if the average is lower than 24/30 (even if only to a few decimal places) the requirements for inclusion in the ranking are not met.

If the number of credits acquired exceeds the minimum number required, the best single credits needed to reach the minimum number will be taken into consideration when calculating the average.

Possible exams that do not involve a grade (grade reported on the certificate: “passed” or “suitable”) or in supernumerary will be considered as follows:

Esame > 3 CFU

- **Ungraded language proficiency exams:** the exam is conventionally graded equal to 25/30
- **Examinations in different subject areas without a grade:** the exam is conventionally graded equal to 25/30
- **Supernumerary exams:** not considered

Esame ≤ 3 CFU

- **Ungraded language proficiency exams:** not considered
- **Examinations in different subject areas without a grade:** the exam is conventionally graded equal to 25/30
- **Supernumerary exams:** not considered

Please note that, in order to calculate the average number of credits acquired by students enrolled in **binational degree courses**, reference will be made to the ECTS (European Credit Transfer and Accumulation System) evaluation scale.

⁸ It should be noted that the ISEE Certificate: must be issued in 2022, must apply for university use, and must not present discrepancies/omissions. For further information, contact a CAAF center or consult the institutional website of INPS.

For students enrolled in the 1st, 2nd, 3rd year of Bachelor degree and for students enrolled in the 1st year of Master degree

1.4 Rankings, waiting list and accomodation benefit assignment

For each academic reference category, a sub-ranking will be created for each of the seven ISEE contribution brackets, for a total of **35 separate rankings** drawn up on the basis of:

- **total score** given in hundredths and obtained by the sum of the academic merit score (up to a maximum of 60/100) and of the potential (up to a maximum of 40/100);
- **in the case of equal score, the minor ISEE value prevails.**
The position in the ranking of VII band students with equal score is established by looking at the date/time of submission of the application and, in case of a tie, by drawing lots.

All candidates who will have completed the process of admission and in possession of the minimum academic merit criteria will be included in the rankings.

1.4.1 Publication of admissions outcome

The results of the admission process will be published on the Student Portal in the **RANKIGS area**.

By June 30, 2022 the temporary rankings will be published and, after five calendar days, these rankings will become definitive. In the case of successful students, within three working days of the publication of the final rankings, they will receive notification of the assignment of their place of study via ticket on the Student Portal.

Eligible and unsuccessful students will see an indication of their position on the waiting list within the specific ranking, i.e. according to the contribution bracket to which they belong and according to the academic category of reference.

Ineligible students will display the reason for exclusion in the specific ranking.

1.4.2 Waiting list and related criteria

After appropriate updates of the waiting list made by Collegio, students in waiting list could can be awarded with an accommodation benefit as, during the academic year, new accommodations will be vacated.

These updates will be possible until the exhaustion of the waiting lists and in any case **no later than June 30, 2023**.

The notification of assignment of the accommodation benefit, following an update of the waiting list, will be sent to the student within three working days via ticket on the Student Portal.

Call for Admissions 22|23

For students enrolled in the 1st, 2nd, 3rd year of Bachelor degree and for students enrolled in the 1st year of Master degree

1.4.3 Accommodation benefit distribution

The (at least) 100 accommodation benefits available are distributed as described in the following:

- 40% of the benefits will be allocated to MAT-P category;
- 20% of the benefits will be allocated to MAT-U category;
- 15% of the benefits will be allocated to 2-L1 category;
- 10% of the benefits will be assigned to 3-L1 category;
- 15% of the benefits will be assigned to 1-LM category.

For each of the abovementioned categories, available accommodations will be distributed among the 7 contribution bands, following this distribution:

Ranking	I band	II band	III band	IV band	V band	VI band	VII band
Percentage-goal of overall composition of accommodation assignees (confirmed and admitted)	15%	10%	15%	15%	15%	15%	15%

In case of exhaustion of candidates within a specific sub-ranking by bracket, the excess seats will be assigned, within the specific academic category of reference, to the sub-ranking related to the highest contribution bracket (in case of exhaustion of candidates in the sub-ranking of the VII bracket, the seats will be automatically assigned to the VI bracket, in case of exhaustion of the latter to the V and so on up to the I).

In case of exhaustion of candidates within a specific academic category of reference, the excess seats will be assigned, with the same band, to the category in which - at the time of reassignment - there is a higher ratio of students on the waiting list to available seats.

In the event that all 35 waiting lists are exhausted, available study places will be assigned to candidates competing in other Call of Admission

1.4.4 Waiting list management period

Collegio will periodically proceed, indicatively **during October 2022 and February 2023**, to update the waiting lists by asking to the candidates their willingness to keep on staying on the waiting list.

In order to maintain their position in the waiting lists, candidates have to fill out a form on the Student Portal within the time-limit communicated by Collegio. Those candidates, who will not participate to the waiting list update, will be automatically considered as withdrawal candidates and will be deleted from the waiting list.

Chapter 2 - Accommodation benefit award

2.1 Acceptance of the accommodation benefit and required documents

Within three working days from the date of publication of rankings or of the subsequent waiting list updates, Collegio will send to new assignees a notification of assignment of the accommodation benefit via ticket on the Student Portal. In the ticket will be indicated the modalities of acceptance of the accommodation benefit and of payment of the contribution, to be strictly carried out within the indicated time-limit (indicatively five calendar days).

In order to accept the accommodation benefit, selected students have to:

pay the 1st instalment and the deposit, within the deadlines stated here at paragraph [2.3 - ANNUAL FEE AND CONTRIBUTION BANDS](#) and detailed in the notification of the assignment of the accommodation benefit;

upload the Annex A from the [PFP Platform](#) in the OTHER DOCUMENTS area of the Student Portal.

Not following the procedure detailed in the notification of assignment within the time limit will result in rejecting the award, which will be assigned to another student.

The assignment of a specific Residence Hall of Collegio will be made based on the preference expressed in admission application, taking into account the accommodations available in each Residence Hall, and on the progress of the assignments in order of descending order of merit.

It will not be possible to switch of Residence Hall after the assignment or during the academic year; a possible relocation to another Residence Hall will be possible only after the publication of the Call of Confirmation of the following year.

During the academic year, students who obtain the Master degree or 5/6-years Master degree are required to fulfil the appropriate form available in Student Portal and to upload in the OTHER DOCUMENTS area a transcript of record or a self-declaration – according to D.P.R. 445/2000 – to certify the achievement of the degree title and all the exams completed. Collegio could require the mentioned documents in paper (original documents) at any moment, if deemed necessary.

¹⁰ As defined in the art. XI of the Regolamento per i Titolari di Posto di Studio, the choice of the general practitioner in Turin is mandatory for any student obtaining of the accommodation benefit in Collegio for at least 6 months, regardless of the location of the municipality of residence.
