Documentation to be uploaded in the INCOME DATA area of the Student Portal

	MAT-P	MAT-U	2-L1	3-L1	1-LM
ISEE certificate issued in 2024 and applicable for university use ⁸ (v. chap. 2.3)	✓	✓	✓	✓	✓

Students who decide **not to take advantage** of the option to present the ISEE 2024 certificate may declare this intention in the application form and not fill in the INCOME DATA area of the Student Portal in order to be automatically included in the **maximum contribution bracket (bracket VII)**.

In the calculation of the weighted average, no rounding is carried out, since the corresponding real number is evaluated: therefore, if the average is lower than 24/30 (even if only to a few decimal places) the requirements for inclusion in the ranking are not met.

If the number of acquired CFUs is more than the prescribed minimum, **the best exams (with higher marks)** will be taken into account in calculating the average, in order to reach the minimum number of CFUs.

Moreover, **language proficiency exams** and other possible exams **that do not have a numerical grade**, and for which only a passing grade is recognized (grade reported on the certificate: "passed" or "suitable") will contribute to the number of credits, **with a score of 25/30**.

Only exams **belonging to the attended course**, and included in the documentation produced by the University (i.e. exams certificate) or in the self-certification, **will count in the number of acquired CFUs**. **Supernumerary exams** taken by students enrolled in programs of affiliated institutions (SSST, CCA, etc...) **will NOT be counted** in the required amount of CFUs for confirmation.

Please note that, in order to calculate the average number of credits acquired by students enrolled in binational degree courses, reference will be made to the ECTS (European Credit Transfer and Accumulation System) evaluation scale.

⁸. It should be noted that the ISEE Certificate: must be issued in 2023, must apply for university use for the student participating in the call (i.e. contain his/her TAX ID), and must not present discrepancies/omissions. For further information, contact a CAAF center or consult the institutional website of INPS.

Admissions 24|25

Enrolled in the 1st year of Bachelor degree or in the 1st - 2nd - 3rd year of a 5-6 year Master degree or enrolled in the 1st year of Master degree

1.4 Rankings, waiting list and accommodation benefit assignment

For each academic reference category, a sub-ranking will be created for each of the seven ISEE contribution brackets, for a total of **35 separate rankings** drawn up on the basis of:

- **total score** given in hundredths and obtained by the sum of the academic merit score (up to a maximum of 60/100) and of the potential (up to a maximum of 40/100);
- **in the case of equal score, the minor ISEE value prevails.** The position in the ranking of VII band students with equal score is established by looking at the date/time of submission of the application⁹ and, in case of a tie, by drawing lots.

All candidates who will have completed the process of admission and in possession of the minimum academic merit criteria will be included in the rankings.

We would also like to remind you that all students participating in this call for admission and beneficiaries of the INPS Collegi Universitari Call will in any case have to be winners of a study place within the Collegio Admission process, in order to subsequently be able to take advantage of the INPS benefit.

The possible assignment of the INPS benefit does not constitute a preferential condition for the scrolling of waiting lists for the assignment of a study place at the Collegio.

Capable and deserving students, even if without resources, who intend to participate in this Admission Call for the academic year 2024/25, may take advantage of the so-called '**Opzione Renato Einaudi**' provided by the "Call for applications for scholarships, housing services and degree awards", published annually by **EDISU Piemonte**.

Expressions of interest for this Opzione must be made according to the indications given in the EDISU Call for applications for the academic year 2024/25, at the time of submitting the application for the same Call.

1.4.1 Publication of admissions outcome

The results of the admission process will be published on the **Student Portal in the RANKINGS area**.

By August 3, 2024 the temporary rankings will be published and, after three calendar days, these rankings will become definitive.

The winner students, within four working days of the publication of the final rankings, will receive notification of the assignment of their place of study via ticket on the Student Portal or via email.

Eligible and **unsuccessful students** will see an indication of their position on the waiting list within the specific ranking, i.e. according to the contribution bracket to which they belong and according to the academic category of reference.

Ineligible students will display the reason for exclusion in the specific ranking.

9. It should be noted that in the event that the application is edited subsequently to the 1st submission, date and time of submission will be updated consequently

Admissions 24|25

Enrolled in the 1st year of Bachelor degree or in the 1st - 2nd - 3rd year of a 5-6 year Master degree or enrolled in the 1st year of Master degree

1.4.2 Waiting list and related criteria

The **first scrolling** of the rankings will take place **by August 13**.

Subsequent scrolling of the rankings will take place from September 3. , The students in waiting list could can be awarded with an accommodation benefit as, during the academic year, new accommodations will be vacated. These updates will be possible until the exhaustion of the waiting lists and in any case **no later than June 30, 2025**.

The notification of assignment of the accommodation benefit, following an update of the waiting list, will be sent to the student via ticket on the Student Portal or via email.

1.4.3 Accommodation benefit distribution

The available study places are distributed as described in the following:

- 40% of the benefits will be allocated to MAT-P category;
- 20% of the benefits will be allocated to MAT-U category;
- 15% of the benefits will be allocated to 2-L1 category;
- 10% of the benefits will be assigned to 3-L1 category;
- 15% of the benefits will be assigned to 1-LM category.

For each of the abovementioned categories, available accommodations will be distributed among the 7 contribution bands, following this distribution:

RANKING	I BAND	II BAND	III BAND	IV BAND	V BAND	VI BAND	VII BAND
Percentage-goal of overall composition of accommodation assignees (confirmed and admitted)	15%	10%	15%	15%	15%	15%	15%

In case of exhaustion of candidates within a specific sub-ranking by bracket, the excess seats will be assigned, within the specific academic category of reference, to the sub-ranking related to the highest contribution bracket (in case of exhaustion of candidates in the sub-ranking of the VII bracket, the seats will be automatically assigned to the VI bracket, in case of exhaustion of the latter to the V and so on up to the I).

In case of exhaustion of candidates within a specific academic category of reference, the excess seats will be assigned, with the same band, to the category in which - at the time of reassignment - there is a higher ratio of students on the waiting list to available seats.

In the event that all 35 waiting lists are exhausted, available study places will be assigned to candidates competing in other Call of Admission.

1.4.4 Waiting list management period

Collegio will periodically proceed, indicatively during **October 2024 and February 2025**, to update the waiting lists by asking to the candidates their willingness to keep on staying on the waiting list.

In order to maintain their position in the waiting lists, candidates have to fill out a form on the Student Portal within the time-limit communicated by Collegio. Those candidates, who will not participate to the waiting list update, will be automatically considered as withdrawal candidates and will be deleted from the waiting list.

The notification of assignment of the accommodation benefit sent via email contains the modalities of acceptance of the accommodation benefit and of payment of the contribution, to be strictly carried out within the indicated time-limit (indicatively three calendar days).

In order to accept the accommodation benefit, selected students have to:

pay the 1st instalment and the deposit, within the deadlines stated here at paragraph [2.3 - Annual fee and contribution bands](#) and detailed in the notification of the assignment of the accommodation benefit;

Not following the procedure detailed in the notification of assignment within the time limit will result in rejecting the award of the study place, and the exclusion from the admission rankings for the academic year 2024/25.

The first check-in at the Collegio must be made within 60 calendar days from the start date of the stay as set out in the housing agreement. Missing this deadline will be considered as renunciation of the study place (without the possibility of obtaining a refund of the deposit and instalment already paid).

The assignment of a **specific Residence Hall of Collegio** will be made based on the preference expressed in admission application, taking into account the accommodations available in each Residence Hall, and on the progress of the assignments in order of descending order of merit.

It will not be possible to switch of Residence Hall after the assignment or during the academic year; a possible relocation to another Residence Hall will be possible only after the publication of the Call of Confirmation of the following year.

Collegio reserves the right, even after the signing of the housing agreement, and for objective reasons, to change, during the academic year, the room initially assigned and also the Residence hall of first assignment. Students resulting winners of an accommodation benefit have to upload in the OTHER DOCUMENTS area of the Student Portal, the following documents:

2. by November 15, 2024 a scanned **certificate or a self-certification** (signed by the student), according to D.P.R. 445/2000, stating the university enrolment for the academic year 2024/25 with all these information: **university of enrollment, year of enrollment, title of the degree program**¹¹

During the academic year, students who obtain the Master degree or 5/6-years Master degree are required to fulfill the appropriate form available in Student Portal and to upload in the OTHER DOCUMENTS area a transcript of record or a self-declaration – according to D.P.R. 445/2000 – to certify the achievement of the degree title and all the exams completed. Collegio could require the mentioned documents in paper (original documents) at any moment, if deemed necessary.

¹⁰. As defined in the art. XI of the Regolamento per i Titolari di Posto di Studio, the choice of the general practitioner in Turin is mandatory for any student obtaining the accommodation benefit in Collegio for at least 6 months, regardless of the location of the municipality of residence.

¹¹. This document can be found in PoliTO's Education Portal (path "Certificati > Stampa autocertificazioni"; select "Piano di studi con voti" and "Storico carriera", then select "Stampa") and in UniTO's MyUnito (path "Carriera > Certificazioni carriera"; document title: "Autocertificazione iscrizione e immatricolazione con esami").

It is highlighted that the accommodations awarded by this Call are individual rooms; therefore, it is not possible to host any companions. At the end of the application call, applicants will be contacted for a preliminary interview.

2.3 Annual fee and contribution bands

The annual fee for a.y. 2024/25 is fixed at **€ 7.800,00**, of which the contribution from the student is calculated based on the ISEE document for university use of the family unit (issued from January); the other part is charged to Collegio. The signing of PFP activities for the 2024/25 a.y. **takes place starting from September 2024 according to the times and methods that will be detailed to the study place winners via email and/or ticket on the Student Portal.** ~~is simultaneous with the signing of the Housing Agreement, mentioned here at the previous chapter.~~ [change introduced on June 13, 2024 according to the fact that the training activities will be accessible on the PFP platform only starting from September 2024 and will also be presented by the staff to the winners of study places in order to facilitate an allow an informed selection of training activities by each student]. 2.7 Mobility and absences from collegio

2.7.1 Participation to mobility programs/internships

Students holding a study place in Collegio who will be engaged in mobility/internship programmes for the academic year 2024/25, **lasting more than 2 months**, must request the suspension of their study place for the period of mobility exclusively through the appropriate form on the Student Portal² by the following deadlines:

- By **31 July 2024** for departures in the **first semester** of the academic year;
- By **25 November 2024** for departures in the **second semester** of the academic year.

These students must also upload, in the UPLOAD DOCUMENTS area of the Student Portal, appropriate documentation confirming their participation in the mobility program (documentation issued by the Home University confirming the period of international mobility during the academic year 2024/25 and, if the period of mobility is not indicated, a self-declaration, pursuant to DPR 445/2000, containing all the information on the project). Any communication sent by email or other means will not be considered.

All the students who, throughout the AY 2024/25, will participate in mobility projects and/or internships lasting more than 2 months and which disallow the regular stay in Collegio, will be obliged to proceed as mentioned above and to leave the room assigned to them within the scheduled deadlines summarized in the table in [chap. 2.6.2](#)

During this period, Collegio will not request the payment of the contribution charged to the student and will proceed, where appropriate, to refund part of the instalment paid according to the table in [chap. 2.6.2](#)

2.7.2 Storage during the temporary suspension of the accommodation

Students who will be engaged in mobility programs/internships for the AY 2024/25 and who will get the temporary suspension of the accommodation availability, will be able to use a dedicated storage (namely 'Erasmus') at the residence Crocetta to leave, during the mobility period, their non-valuable personal belongings in closed boxes with their names on them.

The transfer of packages from the student's residence to the 'Erasmus' storage must be done by the students and an appointment must be arranged with Crocetta Residence Hall. Further information can be found at the following [link](#).

Admissions 24|25

Enrolled in the 1st year of Bachelor degree or in the 1st - 2nd - 3rd year of a 5-6 year Master degree or enrolled in the 1st year of Master degree

2.7.3 Students returning from mobility programs/traineeship

Students who have had accommodation availability suspended for mobility programs/traineeship and willing to return to the Collegio in the A.Y. 2025/2026, will be able to apply for the Call of confirmation for the A.Y. 2025/2026.

Students involved in mobility programs abroad, whose study period is due to finish before the end of the academic year, willing to return to the Collegio, will be able to apply for a room within two different periods (henceforth brackets) of reentry described below.

A ranking list of the re-entry applications received will be established by the Collegio, according to the following criteria:

- 1** **Number of years spent at Collegio Einaudi¹⁴;**
- 2** **In the event of a tie, by the number of University years;**
- 3** **In the event of further tie, by the lower ISEE value;**
- 4** **In the event of further tie, by the drawing of lots.**

Students returning from mobility programs will be given a room in the same residence hall they were assigned to before the temporary suspension, subject to the availability of the residence hall itself. Should no place be available in that residence hall, students will be assigned to one of the remaining residence halls. Re-entry from mobility period will be run in the following ways:

1st BRACKET

Students involved in mobility programs abroad, whose study period is due to finish by March 1, 2025, will be able to apply for a room during this bracket.

How to apply:

NO LATER THAN 30 NOVEMBER 2024

Those students who have obtained a temporary suspension have to fill in the application form (available on the Student Portal) to request to return to the Collegio within this bracket and to confirm or possibly to update the date when the mobility project abroad ends, which may be at most March 1, 2025.

Ranking and room award:

Collegio will establish a ranking of the re-entry applications received by the deadline according to the criteria described above; with regard to this ranking, Collegio will therefore assign the rooms, if available, to the returning students within Christmas holidays, as soon as possible once all the renouncement and leaving procedure have been elaborated. Around 75% of the rooms left before Christmas holidays will be reserved to students returning from mobility programs, except for rooms reserved to particular agreements for the second semester.

Students obtaining a room within the 1st bracket **will have to pay the whole 2nd installment**, no matter what the date of their re-entry is (at most March 1, 2025).

Those students who will not be able to return to Collegio during the 1st bracket due to unavailability of rooms, will be listed in the ranking for the 2nd bracket, without priority right.

2nd BRACKET

Students involved in mobility programs abroad, whose study period is due to finish by May 29, 2025, will be able to apply for a room during this bracket.

How to apply:

NO LATER THAN 15 FEBRUARY 2025

Those students who have obtained a temporary suspension have to fill in the application form (available on the Student

¹³.. It should be noted that, should the conditions for international mobility be such as not to allow physical travel to the partner university, the student involved in a mobility programme will be given the opportunity for the academic year. In the event that the conditions for international mobility are such as to make it impossible for a student involved in a mobility programme to physically move to the partner university, he/she will be given the opportunity to keep his/her place of study at the College for the academic year 2024/2025, on condition that he/she complies with the minimum number of hours of training (PFP) equivalent to that envisaged for students who are not on mobility (ref. PFP regulations) and subject to compliance with any rules and procedures issued in this regard either by the MUR or by the university where the student is enrolled.

¹⁴ The calculation of years spent at Collegio Einaudi does not take into account the month of entry in Collegio during the AY. For example, a student who entered Collegio on 23/09/2020 and a student who entered on 20/05/2021 have both, on the date of 22/03/2021, 4 years spent in Collegio.

Admissions 24|25

Enrolled in the 1st year of Bachelor degree or in the 1st - 2nd - 3rd year of a 5-6 year Master degree or enrolled in the 1st year of Master degree

Portal) by February 15, 2025 to ask for re-entry in Collegio within this bracket, by confirming or updating the end date of the study period abroad.

Ranking and room award:

Should the number of applications be higher than the available rooms, Collegio Einaudi will establish a ranking of the reentry applications received by the deadline according to the criteria described above, including those students within the 1st bracket who have not been able to return to Collegio Einaudi due to unavailability of rooms; according to this ranking, Collegio Einaudi will therefore assign the rooms, if available, to the students within the payment of the 3rd instalment's deadline, as soon as possible once all the renouncement and leaving procedure have been elaborated. Around 75% of the rooms left after the payment of the 3rd instalment will be reserved to students returning from mobility programs.

Students obtaining a room within the 2nd bracket will have to pay 4 monthly installments (April to June), no matter what their date of re-entry is (which, by the way, is at most May 29, 2025).

Collegio Einaudi will not provide **students whose study period abroad ends after May 29, 2025** willing to return to Collegio Einaudi in June and July 2025: Collegio has not provided a specific bracket for these cases because it is not possible to estimate if some accommodations will be freed after the payment of the 3rd instalment; however, should some rooms be available, Collegio Einaudi will accept further applications of re-entry for the months of June and July: a ranking will be established in the order of their receipt only if the ranking of the 2nd bracket is empty and if there are free accommodations.

2.7.4 Prolonged absences

Students who - during a.y. 2024/25 - will be absent from Collegio for a period **longer than two months** for reasons other than international or national mobility programs/traineeships, regulated by [chap. 2.7](#) of Admission/Confirmation call, will have to notify it on the Student Portal via ticket, specifying the **period of absence and the reason why**. In these cases, students may receive the same treatment as those students in mobility programs.

Chap. 3 - Agreements

Regarding peculiar agreements stipulated either with national and international institutions in the high university education field or with legally recognized foreign universities every year – with the specific resolution made by the Board of Directors – the Collegio establishes the number and the type of the rooms to be reserved to each agreement for the next academic year.

The selection of students to whom the study place of the Collegio must be assigned occurs according to peculiar merit-based criteria defined by the affiliated organizations according to its own admission procedure.

Chap 4 - Confirmation of the accommodation benefit

The accommodation benefit will be confirmed by those students interested in applying for the Confirmation Call, if they will comply with the conditions set into the future Confirmation Call for the following academic year.

Admissions 24|25

Enrolled in the 1st year of Bachelor degree or in the 1st - 2nd - 3rd year of a 5-6 year Master degree or enrolled in the 1st year of Master degree

Chap. 5 - Declarations

By submitting the application, the student accepts, for the entire permanence in Collegio during its university studies:

- the provisions contained in the ministerial decrees of MUR 8 September 2016, nn. 672 e 673;
- the provision contained in Admission and Confirmation Calls for a.y. 2024/25;

and accepts obligations related to these measures with respect to the position of the student in the Collegio di Merito.

Additionally, declares, under own exclusive responsibility:

- to be aware of the criminal and civil penalties, in the case of false declarations, production or use of false acts, referred to art. 76 del DPR n. 445 del 28/12/2000;
- to be aware of the fact that information (personal data) required for the finalities mentioned here are necessary to conduct and manage the activities tied with the purposes of the Foundation. At the moment of accreditation in the Student Portal, the student is committed to know the policy ex art. 13 EU Reg. n. 679/2016, expressing consent, where necessary, to the processing of personal data, as provided for in the Privacy Policy.

Moreover, the student authorizes Collegio to make use of the results of the potential evaluation emerged from the admission process with the purpose to guide the student with respect to the personalization of the formative training and to the definition of a pathway for the development and reinforcement of soft skills.

Chap. 6 - Assessment of the truth of declarations

Both during the preparation of the rankings and during the academic year, Collegio will exercise careful control over the declarations produced during the participation in the process and will carry out, by every means at its disposal, all the investigations it deems appropriate, requesting information and any assessments to all competent bodies and Institutions.

The candidate forfeits the benefits obtained at any time (also following the assignment of the study place and consequent entry into the College) if the untruthfulness and/or irregularity of the content of the declarations produced emerges and will be invited to vacate the room and leave definitively Collegio within the period of competence of the last installment paid. Untruthful declarations are punished pursuant to the Criminal Code and the special laws on the subject (art. 75 and 76 Presidential Decree 28 December 2000, n. 445).
