ISEE/DSU

I have available an ISEE statement issued in 2024. Is it okay to submit it among the documents for admission, since my family's income has not changed?

Please note that in order to be considered valid, the ISEE Attestation: must be issued in 2025, must apply to the benefits for the right to university study for the student participating in the announcement (i.e. contain his/her FISCAL CODE), must not have discrepancies/omissions. For more information, contact a CAAF center or consult the INPS institutional website. It is not necessary to upload the DSU.
